

Welcome to the latest update of this Fantasy Non-League season. Today's update covers the period **Sunday 14th April 2024 through to Saturday 20th April 2024**.

I am going to take our monthly look at the main Fantasy Non-League Main Table and of course again this month we will be comparing this monthly update to the main table without of the use of substitutions.

So currently leading the way is still MARK'S WOLVES [S] with 17,830pts. In second place is SHOSCOMBE [S] who are 215pts behind our leader. The third placed team is OLIVIA GRACE [S] and they are 233pts behind the leader. The top ten is covered by 1,041pts. At the bottom in the Barry New Bottom Spot is HARD SCRABBLE [S*] with -2,222pts and their nearest rival THE DOOM PATROL [S*] are 92pts ahead of them. The bottom ten is covered by 1,382pts.

Without substitutions two of the actual top three are still in place but our current leader Mark's Wolves have dropped to 5th place. Shoscombe are now top with 17,325pts. In second place is Olivia Grace 114pts behind our leader and third place is Blackpool Babes, and they are 550pts behind first place. The top ten is covered by 984pts.
