In this season's competition the top three entered the game in between the season starting and the 31st of August 2025 deadline. As for entering the competition before the season started the highest was in 12th position and that was Dynamo Keir.

So that is it, we come to the end of another Fantasy Football-League season. Thank you for playing and I know from your emails and phone calls to the FFL Helpdesk that you love playing. I must thank those people who keep an eye on the points and pick me up for the odd mistake here and there. They know who they are so thank you. A special mention to Dave Woodcraft from Grimsby who has kept an eye on both my football fantasy games.

It would be great to reach 500 players on Fantasy Football-League next season so please grab a few friends and also why not give the FFL's sister competition a go, Fantasy Non-League which features the National League, National North & South and goes all the way down to Step 4 in the Non-League pyramid, which is a real challenge.

Please contact the FFL Helpdesk if you have any ideas on improvements, I am always open to new ideas and I already have a couple up my sleeve which will make next season very interesting.

Well, done to all our winners over the season, that of course includes all our Manager of the Month winners as well as today's End of Season winners, and hard luck to the rest of you. Interestingly both my football competitions this season FFL & FNL have been won by the same household a husband & wife combination who support Southend Utd. That is quite impressive.

It's time for a small break for me so I can recharge the batteries, but we will back for the 2026/27 season, so lookout around the middle of July 2026 for Fantasy Football-League 2026/27!!

Top 5 teams over the last eight days. (Numbers in the brackets are the FFL Main Table positions).
